

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1 Claim 1 (original): A method of directing a broadcast with
2 participation of a plurality of participants through the use
3 of an interactive application on a participant device,
4 comprising the steps of:

5 downloading said interactive application on said
6 participant device;
7 using said interactive application off-line on said
8 participant device, synchronized with the broadcast;
9 registering participant input on said participant
10 device;
11 submitting said participant input.

1 Claim 2 (original): A method according to claim 1 also
2 comprising the steps of:

3 collecting and analyzing all participant input and
4 delivering the results of said analyzing to all
5 participants.

1 Claim 3 (currently amended): A method according to claim 1
2 | ~~or 2~~ in which said downloading of said interactive
3 application takes place before said broadcast.

1 | Claim 4 (currently amended): A method according to ~~any of~~
2 | ~~claims 1 to 3~~ claim 1 in which said submitting of said

participant input takes place after said broadcast has ended.

Claim 5 (currently amended): A method according to ~~any of~~
~~claims 1 to 4~~ claim 1 in which said interactive application
comprises synchronization information.

Claim 6 (original): A method according to claim 5 in which
said interactive application and said synchronization
information are downloaded on separate points in time.

Claim 7 (currently amended): A method according to ~~any of~~
~~claims 1 to 6~~ claim 1 in which said interactive application
comprises a time slot for said submitting of the participant
input.

Claim 8 (currently amended): A method according to ~~any of~~
~~claims 1 to 7~~ claim 1 in which said interactive is
downloaded from the Internet site of said broadcast.

Claim 9 (currently amended): A method according to ~~any of~~
~~claims 1 to 8~~ claim 1 in which said participant device is
capable of communicating through the Internet.

Claim 10 (currently amended): A method according to ~~any of~~
~~claims 1 to 9~~ claim 1 in which said broadcast is a TV game
show.

Claim 11 (original): A system for directing a broadcast with
participation of a plurality of participants through the use
of an interactive application on a participant device,
comprising:

5 a downloading application system for providing said
6 interactive application to said participants before the
7 actual broadcast;

8 a registration system for registering participant
9 input.

1 Claim 12 (original): A system according to claim 11 also
2 comprising a score delivery system for analyzing participant
3 input and delivering the results of said analyzing to all
4 participants.

1 Claim 13 (currently amended): A system according to claim 11
2 or ~~12~~ in which said participants are connected to said
3 system through the Internet.
